INTERACTIVE KIOSK

eos ibérica

| Series Indoor Kiosk | Accessible information point | Customizable / **Indoor** |

eFirma

Accessible and versatile interactive terminal for electronic transactions without the need for a digital signature, ideal for public administrations. This kiosk enables electronic signatures for people who do not have one. They can digitise their signature using the terminal.

Due to its ergonomic design, it can be used by people with or without reduced mobility. Touch screen of 19, 22 and 32 inches, it can incorporate webcam, printer, DNIe reader among other peripherals. Its eFirma plus version can also integrate a keyboard.

It can be personalised in any RAL colour and/or customised with cut vinyl or dibond panels printed with digital images.
