

# M399TP-KP-FN-DT

**DESCRIPTION:** IP68 rated ruggedized industrial silicone rubber keyboard with integrated numeric keypad, sealed ruggedized touchpad, function keys and carbon-on-gold key switch technology with stroke 1.50mm, with antimicrobial keyboard surface, stand alone desk top version with robust polycarbonate case(wall mounting version optional), **with red adjustable backlighting optional.**

## APPLICATIONS:

This keyboard provides full-size versatility in a rugged, compact design with the added convenience of an integrated touchpad. For working in low-light areas, it is also available with optional LED backlighting. Engineered for NEMA 4X protection from dust, water and corrosive liquids. This keyboard is ideal for use in environments ranging from manufacturing to material handling to medical settings. Its large numeric pad allows for easy data entry, while its robust polycarbonate case protects it against any hazardous environment.

- **MEDICAL:** lab, hospital, clinic, dental, such as carts, diagnostic equipments, operation rooms, dialysis centers etc;
